

## About Me

I am a third-year Computer Science and Artificial Intelligence student at Minia University with a strong passion for AI and Full Stack Web Development. I have hands-on experience in designing and developing web applications, and I was responsible for the technical aspects of projects during my training.

### Professional Training & Courses:

- Full Stack Web Development Training – NTI
- Application Development Training – Innovegypt (Responsible for Technical Part)
- C# Course – Eng. Ali Shaheen

### Technical Skills:

- Programming Languages: Java, C++, C#, Python, HTML, CSS, JavaScript, PHP
- Full Stack Web Development
- Application design and technical management
- Artificial Intelligence fundamentals

### Languages:

- English: Very Good
- Turkish: Good

### Hobbies & Interests:

- Drawing
- Piano playing

I enjoy solving complex problems, learning new technologies, and contributing to innovative solutions. My hobbies help me stay creative and focused both personally and professionally.
